

Progensa 20

Progesterone Evening Primrose Oil Antioxidants

PROFESSIONAL STRENGTH LONGEVITY.

Progensa 20 combines USP progesterone with evening primrose oil, grape seed extract and vitamin E. This clinician-formulated cream is designed to provide 20 mg of progesterone per full press of the pre-measured pump, taking the guesswork out of dosing for consistent application and predictable results.

Midlife changes can disrupt a variety of biological systems, potentially leading to unpredictability and diminished quality of life. AllVia creams offer rebalancing support to help patients look and feel their best. As the top selling formula in the AllVia line, Progensa 20 offers progesterone in a convenient delivery system at targeted levels.

Progensa 20 is manufactured within our state-of-the-art, ISO22716-certified facility. All raw materials undergo identity and potency testing and contaminant screening driven by the latest technologies. Finished creams are further tested for purity and stability to ensure formulas are of the highest quality available.
