

Resveratrol Plus Flavonoids

Trans-Resveratrol
Bromelain
Pycnogenol®

INNOVATIVE INGREDIENTS. CLINICAL FORMULATIONS.

Trans-resveratrol has gained prominence in recent years for its potential to support healthy aging. Resveratrol is a potent antioxidant that may support healthy lipoprotein behavior, platelet function, and vasorelaxation.* Resveratrol Plus Flavonoids features resveratrol derived from Japanese knotweed, a sustainable source containing one of the highest concentrations of trans-resveratrol found in nature.

Flavonoids from hawthorne, green tea, bilberry, citrus and French maritime pine have powerful antioxidant activity with cardiovascular, neurological and metabolic benefits. Bromelain, a proteolytic enzyme derived from pineapple stems, has gained popularity as a cardiovascular agent for its fibrinolytic actions.*

FEATURES

- 250 mg resveratrol per serving comprised of at least 50% trans-resveratrol
- Standardized botanical extracts featuring EGCG, vitexin-2-rhamnoside and anthocyanosides
- 240 CDU of bromelain per serving
- Gluten-free, vegan, non-GMO formula

Product #: 10296

Size: 90 ct

SRP: \$41.09

RESVERATROL PLUS FLAVONOIDS CAN HELP SUPPORT:

- Healthy cardiovascular and metabolic function*
- Maintenance of healthy cholesterol levels already within normal range*
- Healthy lipid peroxidation defense within the vessels*
