Skin Restoring Ceramides

Item #02096 • 30 liquid vegetarian capsules

Hydrates skin and smooths the appearance of fine lines and wrinkles

Skin Restoring Ceramides promotes skin hydration to revitalize the skin from within, encouraging healthy ceramide levels in your skin through a once-daily, oral supplement (derived from wheat).

- Smooths the appearance of fine lines & wrinkles
- Promotes healthy skin hydration & comfort
- Encourages healthy ceramide levels in aging skin
- Contains concentrated, clinically studied wheat ceramides

Wheat contains the same ceramides as the ones that are naturally present in our skin. But you can't get enough from wheat in your diet to make a difference. That's why we created our popular Skin Restoring Ceramides supplement—a concentrated oral ceramide formula so refined, it's actually gluten-free.

Ceramide levels naturally decrease as we age, making it hard to maintain smooth, supple, and healthy skin as we get older.
